

Elegant and majestic, towering hemlocks define the character of these ridge sites. All seven home sites back onto more than 40 acres of unspoiled recreation land replete with trails, craggy cliffs and a critical wildlife corridor connecting the Gatineau Park to the Gatineau River.

The highest of the homes on Hemlock Ridge, lot # 5 has gently sloping topography and easy building possibilities. Tall, majestic hemlocks and an open forest define the property. Early evening light casts a warm glow across the property. A few hundred meters from the home site, the West Trail leads you either down to the community gardens or into the pristine recreational lands to the west.
