

The Highlands hamlet is made up of three spectacular home sites. Perched on the most elevated point of the property, a common laneway leads to a forested plateau of maple, oak and pine. Beyond, the land rises to the west punctuated by small valleys of open hardwood forest, and a recreational land beyond.

Lot #14 is bordered on three sides by recreational forest and trails. Exceptionally private, this 1.5 acre lot feels many times its size. A giant erratic sits at the back of the property and a 360 degree panoramic view of the forest make Lot #14 feel elegant and remote. A long shared driveway follows a steep rocky ridge and splits at the first plateau. Private access to the Woods trail from the back of the property allows you immediate access to the centre of the recreation lands.
