

Just back in the forest, these properties benefit from a great central sun-soaked meadow that hosts several trail junctions and a clutch of shared garden plots. The perfect balance of privacy and community makes The Meadows ideal for a life of outdoor activity and neighbourly connections.

In the heart of the Meadows Hamlet, Lot # 26 shares the elevated ridge of the hamlet offering views down to the garden. A long private driveway and a flat building area make this an easy and intimate home site.
