

Just back in the forest, these properties benefit from a great central sun-soaked meadow that hosts several trail junctions and shared garden plots. The perfect balance of privacy and community makes The Meadows ideal for a life of outdoor activity and neighbourly connections.

Lot # 28 is pure Canadian Shield. The gently rising driveway leads to a beautiful rocky ridge looking south toward the garden. This property feels exceptionally private by virtue of its topography. Gentle and elegant describes this and, all of the properties on the Meadows ridge.
